

Suggested Organ Music for Church Weddings

The following is a partial list of organ music for church weddings from the organist's repertoire. No list could include all of the music appropriate for church weddings, nor does this list attempt to do so. Any additional request will be performed if the music is available and the selection is appropriate for a church wedding. Approximately 20 minutes of music will be played before the wedding unless a specific request is made for more. The organist will select from your indications the amount of music needed for a twenty minute program.
